Sample solution

Flow chart: processing a customer order

Organisation: Albert Street Electronics Ltd
Portfolio element: Display: Flow Chart using Word Processing Software
Scenario: chart-4

Model answer · Teacher's Version

How this meets the marking criteria

Criterion	Marks	Where it is met in this solution
Narrow margins (1.27 cm / 0.5 in) applied	**1 KC**	Page Setup: A4 landscape, all four margins 1.27 cm (Narrow); the title and the chart sit inside them.
A4 landscape orientation with the correct layout of the chart: clear direction of flow, fitted on one page	**1 APP**	A4 landscape, one page: snake pattern: left to right across the top, down to the payment decision, right to left along the second row, then down to the last step and END; NO branches above and below the main flow.
Correct standard symbols: terminators, process rectangles, two decision diamonds and a document symbol for the invoice and delivery note (mailability d)	**1 APP**	Terminators for START and END, process rectangles, two decision diamonds and the wavy-bottomed document symbol for "Prepare invoice and delivery note".
All 10 steps in the correct sequence; YES/NO labels on both decisions; both loops return to the correct decision (mailability e)	**1 APP**	Steps 1–10 in order; YES and NO labels on both decisions; the back-order loop returns with an arrow into the stock decision and the pro-forma invoice loop into the payment decision.
Arrowed connectors that do not cross, consistent fonts and colour coding, centred title; free of typographical, spelling and punctuation errors (mailability a, b, f, g)	**1 APP**	Arrowed connectors that never cross; one fill colour for processes (pale blue) and another for decisions (gold); Calibri 10 pt in every shape; title centred in bold capitals, 16 pt; customer's and pro-forma typed as in the copy.
Total	**5**	**Every criterion is met in full.**

Files in this pack: chart-4 - Sample solution.pdf; order processing flow chart.docx.

Document page: the chart page follows this cover exactly as printed (A4 landscape, 1.27 cm margins). In the Word file the 12 shapes, the connectors and the labels form one grouped drawing, so the chart stays in place and every box can still be edited (ungroup with Shape Format › Group › Ungroup).
