Sample solution

Presenting research on school–parent communication media

Organisation: EDPM research group – school–parent communication study
Portfolio element: Presentation using Presentation Software
Scenario: ppt-6

Model answer · Teacher's Version

How this meets the marking criteria

Criterion	Marks	Where it is met in this solution
Appropriate, attractive design suited to the topic (Facet theme or similar applied consistently to all 9 slides)	1	Facet-style design on all 9 slides from one slide master and four layouts: white background, dark-green headings and black body text; the same icon-in-a-circle motif, colours and positions throughout (slides on pp. 5–13; overview on pp. 2–4).
Clear spaces on slides (no more than six bullets, uncluttered); recommended font size (headings 40 pt, body text 24 pt or larger) and style (Calibri (one sans-serif font family)); background colour that contrasts with the text – all required	3	Every heading 40 pt bold; body text 28 pt, and 24 pt beside the charts and on the References slide (never below 24 pt); Calibri only, including charts; at most 5 bullets per slide with wide margins and free space around icons and charts; strong contrast: black and dark-green text on white.
Appropriate use of animation: Float In entrance on bullets (slides 2, 3, 4 and 8) and Wipe on charts, consistent and not distracting	2	Float In entrance, On Click, one bullet at a time (By Paragraph) on slides 2, 3, 4 and 8; Wipe (From Bottom) entrance, On Click, on each chart (slides 5, 6 and 7). No other effects. Saved in the .pptx (Animation Pane); animations cannot show on paper.
Appropriate use of graphics (relevant images or icons and the charts on slides 5, 6 and 7) and transitions (Push applied to all slides)	2	Relevant icons on slides 1–4 and 8; native pie, clustered column and bar charts made with the chart tool, each with a title and value (numbers of parents, average ranks and percentages) data labels, on slides 5, 6 and 7 (pp. 9, 10 and 11); sources credited on the References slide. Push transition, Duration 01.00, On Mouse Click, on all 9 slides.
Headings on each slide and appropriate sequencing: title, introduction, body (questions, method, findings) and conclusion/references	1	A heading on every slide, in a logical order: title (1), introduction (2), research questions (3), method (4), findings (5–7), recommendations and conclusion (8), references (9).
Speaker notes for each of the 9 slides, in full sentences that expand the slide content	2	Notes typed for all 9 slides (56–67 words each) in full sentences that expand the slide; printed as Notes Pages (pp. 5–13). Handouts, 3 slides per page (pp. 2–4). Every printed page carries the label Presentation using Presentation Software and the candidate's name.
Total	11	Every criterion is met in full.

Files in this pack: ppt-6 - Sample solution.pdf; School Communication Presentation.pptx.

Slide numbers and a footer with the candidate's name are on every slide except the title slide. Transitions and animations are saved in the .pptx and play in Slide Show. The icons are copyright-free (Font Awesome Free, CC BY 4.0) and are credited on the References slide. Pages 2–4: handouts (3 slides per page); pages 5–13: Notes Pages. Slide 6 labels show the number of parents (each type of message totals 30); slide 7 shows average ranks, with the note that a shorter bar means a more important factor.

WhatsApp or E-mail? How Parents Want to Hear from School

EDPM Research Presentation

[Candidate Name]

Breadfruit Valley Secondary

March 2026

Introduction

- Schools use e-mail, letters, WhatsApp and social media
- Some parents miss important notices
- Others receive too many messages
- The right medium saves time and confusion

[Candidate Name] 2

Research Questions

- Which media do parents use now?
- Which medium do they prefer for urgent, confidential and general messages?
- Which factors most influence their choice?

[Candidate Name] 3

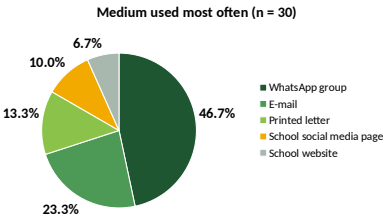

Method of Investigation

- Mixed method, mainly quantitative
- Questionnaire: 30 parents, simple random sample
- Interviews: 2 form teachers
- Permission from the principal
- Data collected 9–20 February 2026

[Candidate Name] 4

Media Used Now

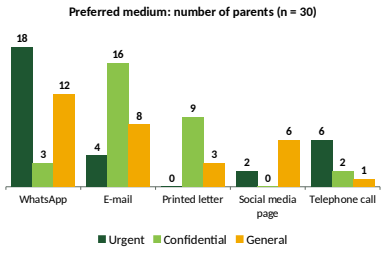

- WhatsApp group: 46.7% of parents
- School website: only 6.7%

[Candidate Name] 5

Preferred Medium by Type of Message

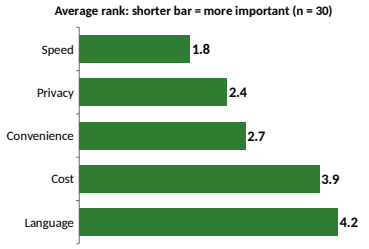

- Urgent: WhatsApp (60.0%)
- Confidential: e-mail (53.3%)
- General: WhatsApp (40.0%)

[Candidate Name] 6

What Matters Most to Parents

- Speed ranked first (average 1.8)
- Language ranked last (average 4.2)
- Shorter bar = more important

[Candidate Name] 7

Recommendations and Conclusion

- WhatsApp for urgent reminders only
- E-mail for reports and fee notices
- One weekly bulletin for general news
- Match the medium to the message

[Candidate Name] 8

WhatsApp or E-mail? How Parents Want to Hear from School

EDPM Research Presentation

[Candidate Name]

Breadfruit Valley Secondary

March 2026

Good evening, everyone. I am a Form 5 EDPM candidate, and I am presenting my group's research into the media parents prefer for receiving information from school. Every family depends on school notices about fees, reports, events and emergencies, so the way the school sends information decides whether the message arrives in time and whether parents actually read it.

Introduction

- Schools use e-mail, letters, WhatsApp and social media
- Some parents miss important notices
- Others receive too many messages
- The right medium saves time and confusion

[Candidate Name] 2

Our school sends information by e-mail, printed letters, WhatsApp groups and social media. Parents and teachers told us about two problems: some parents miss important notices, while others receive so many messages that they stop reading them. Section VII of the syllabus explains that choosing the right medium for each message saves time and avoids confusion.

Research Questions

- Which media do parents use now?
- Which medium do they prefer for urgent, confidential and general messages?
- Which factors most influence their choice?

[Candidate Name] 3

We asked three research questions. Which media do parents use now? Which medium do they prefer for urgent, confidential and general messages? And which factors most influence their choice? The third question links to the syllabus factors for choosing a communication medium, such as urgency, confidentiality, cost and convenience. We also asked about language, because some families speak Spanish or Kriol at home.

Method of Investigation

- Mixed method, mainly quantitative
- Questionnaire: 30 parents, simple random sample
- Interviews: 2 form teachers
- Permission from the principal
- Data collected 9–20 February 2026

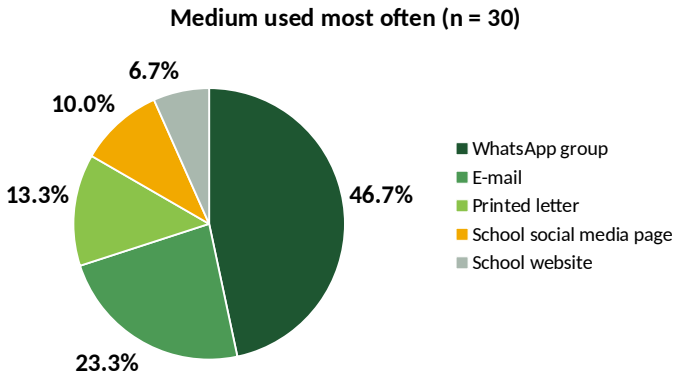

[Candidate Name] 4

We used a mixed method, mainly quantitative. The principal gave permission first. We chose 30 parents by simple random sampling, drawing numbers at random from the class lists, and sent each a questionnaire home with their child between 9 and 20 February 2026. We also interviewed two form teachers to understand the problems from the school's side.

Media Used Now

- WhatsApp group: 46.7% of parents
- School website: only 6.7%

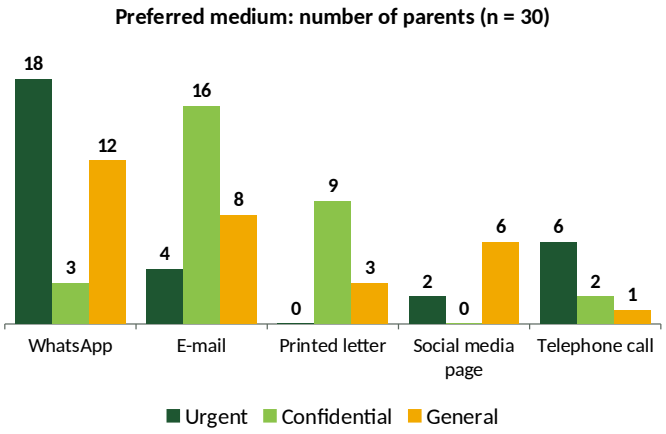

[Candidate Name] 5

This pie chart shows the medium through which parents receive school information most often; each parent gave one answer. Fourteen of the 30 parents, 46.7 per cent, rely mainly on a class WhatsApp group, and seven use e-mail. Only two parents, 6.7 per cent, use the school website, so the website is not reaching most families.

Preferred Medium by Type of Message

- Urgent: WhatsApp (60.0%)
- Confidential: e-mail (53.3%)
- General: WhatsApp (40.0%)

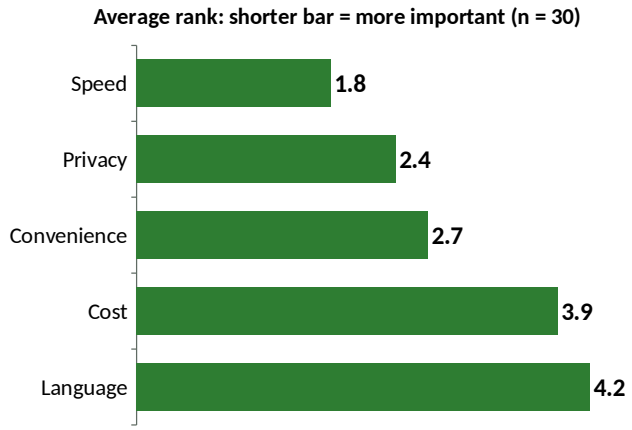

[Candidate Name] 6

This clustered column chart compares the media parents prefer for three types of message; each parent answered once for each type, so every colour adds up to 30. For urgent messages, 18 parents, 60.0 per cent, prefer WhatsApp. For confidential matters such as reports and fees, 16 prefer e-mail and nine prefer a printed letter. For general news, WhatsApp is again the favourite, at 40.0 per cent.

What Matters Most to Parents

- Speed ranked first (average 1.8)
- Language ranked last (average 4.2)
- Shorter bar = more important

[Candidate Name] 7

Each parent ranked five factors from 1, most important, to 5, least important, and this bar chart shows the average rank of each. Remember that a lower average, and therefore a shorter bar, means a more important factor. Speed ranked first with an average of 1.8, followed by privacy at 2.4. Language ranked last at 4.2, probably because most parents are comfortable reading notices in English.

Recommendations and Conclusion

- WhatsApp for urgent reminders only
- E-mail for reports and fee notices
- One weekly bulletin for general news
- Match the medium to the message

[Candidate Name] 8

We recommend matching each medium to the type of message. WhatsApp should be used only for urgent reminders, so that parents do not ignore it, while reports and fee notices should go by e-mail, which is private and keeps a record. General news should be collected into one weekly bulletin. The school office could begin this next term. In short, match the medium to the message.

[Candidate Name] 9

Thank you for listening. Our background information came from the CSEC EDPM syllabus and two EDPM textbooks, listed here in APA style with the credit for the icons. We are grateful to the principal, the two form teachers and the thirty parents who returned our questionnaire. I am happy to answer any questions you may have about our findings.
